Public Comments:

Chris Pazdalski, Sheffield Island Road, Woodbine

Mr. Pazdalski stated that his Commissioner is not present tonight. He explained that we would not need the tax increase if we were not funding the Spaceport and the Joint Development Authority. He stated that he missed his opportunity to file an appeal this year on his reassessment but a few years ago his value was lowered by the Board of Equalization due to an error by the Assessor's Office. He stated that he does not believe Spaceport is financially viable and he described the project as a money pit that has been going on for eight (8) years with nothing to show for it. He stated that he does not believe the JDA showed

continue to be funded and he views the JDA as a negative for Camden County.

No further comments were offered during this time.

Chairman Blount adjourned the Public Hearing at 5:38 PM.
