FOR IMMEDIATE RELEASE

**Camden County Planning and Development
 Department Launches Online Portal**

WOODBINE, Ga. – July 30, 2019 – The Camden County Planning and Development Department is excited to announce the launch of a new online portal. The online portal, available at www.camdencountyga.gov/onlineportal, provides opportunities for developers, contractors, and other interested parties to interact with the department outside of business hours. This portal supports the Camden County Government mission to provide exceptional customer service to the citizens of Camden County.

“We are pleased to share this new tool with the community,” said Director of Planning and Development Joey Yacobacci. “Our goal is to improve the efficiency of our permitting process and better engage with our stakeholders. Residents of unincorporated Camden County can now access this new resource 24 hours a day and interact with the Planning and Development department.”

The online portal is available through Dude Solutions SmartGov, and allows users to apply for business licenses and permits, make payments, and request inspections. Additionally, participants can submit building plans, site plans, engineering documents, elevation certificates, drawings, and photographs.

About Camden County: Located in the extreme southeast corner of Georgia, Camden County truly is “Georgia’s Coastal Community of Choice.” Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
