FOR IMMEDIATE RELEASE

Camden County Recertified as a Class 6

WOODBINE, Ga. — January 7, 2021 — The Camden County Board of Commissioners is pleased to announce that Camden County received recertification of its current rating as a Class 6 in the National Flood Insurance Program (NFIP) Community Rating System (CRS).

In 2020, Camden County successfully achieved a five-year designation as a Class 6 and the floodplain management activities implemented qualify unincorporated Camden County residents for a 20 percent discount on flood insurance premiums for NFIP policies issued or renewed in Special Flood Hazard Areas on or after May 1, 2020. This savings is a result of the flood mitigation activities implemented to protect lives and reduce property damage. This year's recertification allows residents to maintain those discounts.

"Unincorporated Camden County residents should continue to see this discount listed on their flood insurance notices," said CRS, E & S Coordinator Scott Brazell. "We are thrilled to continue to provide this cost savings to our residents."

From 2012 through 2020, unincorporated Camden County residents have saved over \$914,000 in flood insurance premiums through the county's participation as a CRS community.

Additionally, Camden County is continuing to improve dissemination of flood related information to citizens, including through a new web-based tool that shows all of the flood hazard data in one place. This new tool incorporates sea level rise, flood zones, and storm surge for every parcel of property that can be researched by the public. More information about Camden County's flood protection measures, including a link to the flood hazard tool, is available on the Camden County website at www.camdencountyga.gov/flood.

About Camden County: Located in the extreme southeast corner of Georgia, Camden County truly is "Georgia's Coastal Community of Choice." Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
