Title

Approval of Grant Applications Requiring Matching Funds

Motions

Approve Grant Applications Requiring Matching funds as presented by Staff.

Other action the Board deems necessary.

Background

The fire rescue department is actively searching for funding alternatives to meet the resource needs of the department. It is imperative to exhaust all known funding resources to assist in the replacement of existing equipment and acquisition of equipment to enhance current services. The following grants require matching funds and if successful would desperately assist the department in obtaining the necessary equipment at a significantly reduced cost. In the past the fire rescue department has been successful in obtaining grant funding and it is our request to the board that we continue this process.
