## FOR IMMEDIATE RELEASE

# Commissioners Adopt New County Strategic Plan

**WOODBINE, GEORGIA - March 17, 2015** - During their regularly scheduled Tuesday evening meeting, the Board of County Commissioners (BOCC) unanimously adopted a new Strategic Plan that establishes a blueprint for Camden County's future. The plan consists of *A Vision for 2030*, *Goals for 2020* and an *Action Agenda for 2015*. The new plan looks at five-year outcome-based goals, with measurable objectives, and specific issues and projects that need to be addressed by the county.

In an effort to solicit the public's input regarding the future of Camden County, a Citizen's Summit was held in November 2014. Surveys were also made available at county government facilities and online to interested citizens at the County's website. Additionally, several background interview sessions were also conducted. Important strategic planning sessions were held with the Management Team and the Board of County Commissioners. These sessions allowed for the review of accomplishments from the previous year and to focus on a vision, mission and direction for Camden County.

County Administrator Steve Howard said this process was a huge undertaking. "I applaud everyone for their efforts to make Camden's new strategic plan a reality. Hope is not a plan and therefore, having a detailed roadmap for the future is vital." The Strategic Plan and its lasting effects will help Camden County control its future.

The Strategic Plan can be found on the county website at [www.camdencountyga.gov](http://www.camdencountyga.gov).
