FOR IMMEDIATE RELEASE

Camden County Emergency Management Agency Continues to Monitor Tropical Activity

WOODBINE, GEORGIA – September 14, 2018 – Camden County Emergency Management Agency (EMA) will continue to monitor Hurricane Florence for possible impacts to our local area. Some of the effects from the storm may be in the form of increased wave activity, strong rip currents, and minor coastal flooding to include coastal erosion at high tides over the next few days.

We are in peak hurricane season, and all Camden County residents are strongly encouraged to prepare. Visit the Camden County EMA [Facebook](#) and [Twitter](#) pages as we resume sharing National Preparedness Month information. Additional tips and resources are available from Ready.gov, www.ready.gov, and Ready Georgia, www.ready.ga.gov.

Camden County EMA is still actively monitoring tropical activity and will ensure timely communication to all Camden County residents if necessary using the CodeRED system. All Camden County residents are urged to sign-up for the CodeRED Emergency Notification System by visiting www.camdencountyga.gov/CodeRED. Participants will be notified in the event of emergency situations or critical community alerts.

About Camden County: Located in the extreme southeast corner of Georgia, Camden County truly is “Georgia’s Coastal Community of Choice.” Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
